

# HAN ZHANG

LEVEL DESIGNER & GAME DEVELOPER

## WORK EXPERIENCE

Lead Developer (Client Project) | Jan – Apr 2026

### Crossworld Chronicles • Coal Car Studio Ltd.

- Built core gameplay systems, real-time multiplayer, and XR interactions for a cooperative VR vertical slice in Unity
- Used Scriptable Objects for scalable architecture; gained experience in VR and backend development
- Worked directly with the client, managing feedback and expectations throughout

Junior QA Engineer (Internship) | Jul – Aug 2023

### IGG Inc. (I Got Game)

- Tested game builds, documented bugs, and worked with developers to verify fixes before milestones

Teaching Assistant | Dec 2022 – Jul 2023

### IGA Institution for Game Portfolio

- Assisted students with Unity and programming; wrote game design articles for social media

## GAME PROJECTS

Game Developer | Dec 2025

### What the Fridge (Team Project)

- Sole programmer; built all core systems in Unity including player controller, inventory, interactions, and UI

Enemy Designer & Developer | Dec 2024 – May 2025

### RunekinetiC (Team Project)

- Designed enemy archetypes, scripted AI state machines, and balanced encounter pacing

Level Designer & Developer | Feb – May 2024

### Atka and Iku (Team Project)

- Designed levels with narrative pacing and iterated on mechanics through playtesting

Level Designer & Developer | Feb – May 2024

### Daylight Souls (Team Project)

- Designed combat arenas, scripted level events, and tuned enemy spawn difficulty

Solo Developer (All Roles) | Sep 2023 – Jan 2024

### Squishy Squid (Solo Project)

- Handled full production: concept, level design, programming, art, and QA

Johnny • Male • Age 21
